#### **DETAILED ACTION**

#### Specification

The application has not been checked to the extent necessary to determine the presence of all possible typographical and grammatical errors. Applicant's cooperation is requested in correcting any errors of which he/she may become aware in the application.

The Information Disclosure Statements filed 07/19/02 and 08/30/02 have been considered. Reference US 4,872,009 and foreign patent document 86/01660 have already been provided in correspondence filed 08/30/2002.

#### **Drawing Objections**

The drawings are objected to because figures 1-5 are not appropriately labeled. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

#### Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3 and 8-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 2819

Claim 1 recites the limitation "the correlation" in line 3. There is insufficient antecedent basis for this limitation in the claim. Should that be 'a correlation within'? Clarification is required.

Claim 1 recites the limitation "the information" in line 5. There is insufficient antecedent basis for this limitation in the claim.

In claim 2, line 2, it is unclear what is meant by "predeterminable order".

Clarification is required.

In claim 3, lines 1-2, the phrase 'a compression of the data' is confusing. Is that the same compression referred to in claim 1. Clarification is required.

In claim 8, lines 4-5, it is confusing what is meant by 'two data elements (16, 17, 18)', since three items (16,17 and 18) refer to two data elements. Clarification is required.

Claims 4, 6 and 11-13 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim can refer to a base claim in the alternative only and a multiple dependent claim cannot refer to another multiple dependent claim.

See MPEP § 608.01(n). Accordingly, the claims 4-6 and 11-14 have not been further treated on the merits.

#### Allowable Subject Matter

Claims 1-3 and 8-10 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claim 7 is allowable.
